

BPS 7102

ART. NO: 7102 | NORMAL DUTY ALKALINE CLEANER

Used for dirty facade surfaces. Mainly used outside. Dissolves soot, greasy residues. Biodegradable.

BPS 7102 is an alkaline cleaner, used for cleaning of dirty surfaces.

BPS 7102 can be used on most surfaces such as

- Plaster
- Limestone
- Concrete
- Alkaline bricks
- Wood
- Aluminium surfaces
- Granite

INSTRUCTIONS FOR USE:

Wet porous surfaces with cold water: apply **BPS 7102** with low-pressure sprayer or a brush. Apply from bottom to the top. Leave for approximately 30-60 minutes. Ensure surface remains wet during acting time. Jet off with high pressure, (pressure depending on surface, 50-300 bar, 20 ltr/minute and 25°-angle nozzle). Work from bottom to the top. Use preferably warm water, maximum 50°C. Rinse with water to avoid residues of chemicals. If necessary, repeat the procedure.

Dosage

Dilute with water according to the type of pollution.

1:3 - 1:10.

For very dirty surfaces **BPS 7102** can be used concentrated.

Consumption

Normal usage: 0, 2 – 0, 3 litre/m².

Technical data

- Yellowish liquid with low odour.
- Packaging: 5 or 25 litre plastic jerricans.
- Density: 1,07 kg/litre.
- pH value in concentrate <13.
- Contains 1-methoxy-2-propanol, 2-(2- butoxyethoxy) ethanol, sodium metasilicate, hexyl D-glucoside, a-(2-propylheptyl)-w-hydroxy.

Storage

Store frost free in original container.

Shelf life

24 months in unopened container.

Safety precautions

Use protective clothing, gloves and glasses.

Marking: Danger

Causes skin irritation. Causes serious eye damage.

Not classified as dangerous goods according to ADR or IMDG.
For more information, see [MSDS](#).
