

BPS 7319

ART. NO: 7319 | SILICONE REMOVER

BPS 7319 is a biodegradable silicone remover used to remove silicone residues and silicone coatings. For exterior use.

BPS 7319 is a solvent based, biodegradable product developed to remove silicone coatings and residues.

BPS 7319 can be used on most types of surfaces such as:

- Concrete
- Brick
- Wood
- Plastics
- Metal
- Glass
- Mineralic materials

Instructions for use

Cover the area and vegetation not to be treated, and fence off the site. Apply **BPS 7319** with a brush or spray and work into the surface. Let **BPS 7319** act for 15 minutes to 2 hours, the time depends on the thickness of silicone coating. Rinse off with water. The dissolved coating can now be scraped off, or use high pressure and hot water to wash off large areas.

Dosage

Use as concentrate.

Consumption

Normal consumption approximately 0.3 – 1.0 litre/m².

Storage

Store frost-free in original container.

Shelf life

24 months in unopened container.

Precautions

Use protective gloves, clothes and glasses.

Technical data

- Dark brownish liquid.
- Packaging: 5 or 25 litre plastic jerricans.
- Density: 0,85 kg/litre
- Low odour.
- Contains Distillates (petroleum), hydrotreated light, and Benzenesulfonic acid

Marking

Danger

May be fatal if swallowed or enters airways.
Causes skin irritation and severe eye damage.
