

FBM 16

ARTNR: 1821 | ENVIRONMENTALLY FRIENDLY PAINT REMOVER FOR TAMPON INK.

FBM 16 is an environmentally friendly and biodegradable product specifically developed to dissolve tampon ink. The product is mainly for print works.

FBM 16 is an environmentally friendly product specifically developed to dissolve tampon ink. **FBM 16** can also be used for many other colour dissolution issues.

Instruction for use

On smaller details a brush or cloth with **FBM 16** can be used to clean the detail from the ink. For larger details it is recommended to use a "washing machine". Temperatures up to 60°C are recommended for best result. The wash time depends on the thickness of the ink. A normal time is around 15 minutes.

NB! Certain plastic details can be damaged and rubber gaskets can be dissolved. EPDM is a recommended gasket material or natural rubber if the heat is not too high.

Dosage

Use as concentrate.

Storage

Store frost-free in closed original container.

Shelf life

Approx. 24 months in closed container.

Precautions

Use protective gloves and glasses.

Technical data
