

RAIL CLEANER

ART NO: 1304 | ACID VEHICLE CLEANER

RAIL CLEANER is a biodegradable product used for manual cleaning of iron oxides and brake dust from metal parts such as: train carriages, buses, cars and so on. Slightly thickened.

RAIL CLEANER is an acid cleaner which efficiently cleanses train carriages and other metal parts from pollution of iron oxides, brake dust and air pollution. **RAIL CLEANER** is slightly thickened to enhance the dwelling time. Easy to use. Easy to rinse off from glass and metal parts. Is effective at low temperatures and can be used in both soft and hard water.

INSTRUCTIONS FOR USE

Apply **RAIL CLEANER** with a soft brush or low pressure sprayer. Let dwell 5-15 minutes. Agitate during the dwell time. Rinse with high pressure and hot water from the bottom and up. Adjust the pressure to the surface.

NB! Avoid to clean in direct sunshine.

Dosage

Use as concentrate if the surface is heavily contaminated. For normal conditions **RAIL CLEANER** can be diluted up to 5 times with water.

Consumption

Usage: 0,1-0,2 l/sqm.

Storage

Store frost-free in original closed container.

Shelf life

Approximately 24 months in unopened container.

Precautions

Protective gloves, clothes, and glasses. Visor when high pressure washing.
